# Case Study Booklet

**Y13**

In this booklet are all of the case studies that you will look at for Unit 3. Each case study can be used in multiple different places and the important thing to remember with Unit 3 is you can't just state the case study, you need to integrate/link/discuss if you want to be hitting the top mark bands. As we move through the unit, please use this booklet to form your links to the different assessment criteria.
